|--|--------------|
| <b>List of abbreviations</b>                         | <b>XXVII</b> |
| <b>1 Anatomy and Physiology</b>                      | <b>1</b>     |
| 1.1 Embryology of the urogenital tract . . . . .     | 1            |
| 1.2 Kidneys . . . . .                                | 1            |
| 1.2.1 Gross Anatomy of the Kidney . . . . .          | 1            |
| 1.2.2 Topographic Anatomy of the kidneys . . . . .   | 1            |
| 1.2.3 Fascias of the kidney . . . . .                | 3            |
| 1.2.4 Internal Anatomy of the Kidneys . . . . .      | 3            |
| 1.2.5 Microscopic Anatomy of the Kidney . . . . .    | 6            |
| 1.2.6 Physiology of the Kidneys . . . . .            | 11           |
| 1.3 Ureter and Renal Pelvis . . . . .                | 24           |
| 1.3.1 Macroscopic Anatomy . . . . .                  | 24           |
| 1.3.2 Histology of the Ureter . . . . .              | 28           |
| 1.4 Bladder . . . . .                                | 29           |
| 1.4.1 Macroscopic Anatomy . . . . .                  | 29           |
| 1.4.2 Histology of the Bladder . . . . .             | 35           |
| 1.4.3 Physiology of the Urinary Bladder . . . . .    | 38           |
| 1.5 Prostate and Accessory Sex Glands . . . . .      | 42           |
| 1.5.1 Gross Anatomy . . . . .                        | 43           |
| 1.5.2 Microscopic Anatomy . . . . .                  | 47           |
| 1.5.3 Physiology . . . . .                           | 48           |
| 1.6 Penis . . . . .                                  | 49           |
| 1.6.1 Gross Anatomy . . . . .                        | 49           |
| 1.6.2 Physiology of Erection . . . . .               | 54           |
| 1.7 Testis, Epididymis, and Spermatic Cord . . . . . | 56           |
| 1.7.1 Gross Anatomy . . . . .                        | 56           |
| 1.7.2 Microscopic Anatomy . . . . .                  | 59           |

|          |  |           |
|----------|--|-----------|
| 1.7.3    | Physiology of the Testis and Male Hormones . . . . .       | 62        |
| 1.8      | Adrenal Glands . . . . .                                   | 66        |
| 1.8.1    | Gross Anatomy . . . . .                                    | 66        |
| 1.8.2    | Microscopic Anatomy . . . . .                              | 67        |
| 1.8.3    | Physiology of Adrenal Hormones . . . . .                   | 68        |
| 1.9      | Anatomy of the Abdominal Cavity . . . . .                  | 71        |
| 1.9.1    | Divisions of the Abdominopelvic Cavity . . . . .           | 71        |
| 1.9.2    | Muscles of the Abdominal Wall . . . . .                    | 73        |
| 1.9.3    | Vessels and Nerves . . . . .                               | 77        |
| 1.9.4    | Anatomy of the Peritoneal Cavity . . . . .                 | 79        |
| 1.9.5    | Vascular Supply of the Abdominal Cavity . . . . .          | 83        |
| 1.9.6    | Major Veins of the Abdominal Cavity . . . . .              | 87        |
| 1.9.7    | Lymphatic System of the Abdominal Cavity . . . . .         | 87        |
| 1.10     | Anatomy of the Pelvic Cavity . . . . .                     | 89        |
| 1.10.1   | Muscles of the Pelvic Floor . . . . .                      | 89        |
| 1.10.2   | Arteries of the Pelvic Cavity . . . . .                    | 91        |
| 1.10.3   | Veins of the Pelvic Cavity . . . . .                       | 93        |
| 1.11     | Anatomy of the Groin . . . . .                             | 94        |
| 1.11.1   | Musculature and Deep Compartments of the Groin . . . . .   | 95        |
| 1.11.2   | Superficial Structures of the Groin . . . . .              | 96        |
| <b>2</b> | <b>Urological Examinations</b>                             | <b>99</b> |
| 2.1      | Medical History . . . . .                                  | 99        |
| 2.1.1    | Key Symptoms . . . . .                                     | 99        |
| 2.2      | Physical Examination . . . . .                             | 111       |
| 2.2.1    | General Physical Examination . . . . .                     | 111       |
| 2.2.2    | Physical Examination of the Genitourinary System . . . . . | 113       |
| 2.3      | Urine Tests . . . . .                                      | 116       |
| 2.3.1    | Urine Sediment . . . . .                                   | 116       |
| 2.3.2    | Dipstick Urine Test . . . . .                              | 118       |
| 2.3.3    | Urine Culture . . . . .                                    | 121       |
| 2.3.4    | 24 h Urine Collection . . . . .                            | 127       |
| 2.3.5    | Urine Cytology . . . . .                                   | 129       |
| 2.4      | Blood Tests . . . . .                                      | 130       |
| 2.4.1    | Serum Electrolytes . . . . .                               | 130       |

---

|       |  |     |
|-------|--|-----|
| 2.4.2 | Markers of Renal Function . . . . .                            | 136 |
| 2.4.3 | Markers of Inflammation . . . . .                              | 139 |
| 2.4.4 | Further Serum Markers . . . . .                                | 140 |
| 2.4.5 | Blood Coagulation Parameters . . . . .                         | 141 |
| 2.4.6 | Hormones . . . . .   | 142 |
| 2.4.7 | Tumor Markers . . . . .  | 147 |
| 2.4.8 | Genetic testing . . . . .                                      | 153 |
| 2.5   | Semen Analysis . . . . .                                       | 155 |
| 2.6   | Ultrasound Imaging . . . . .                                   | 162 |
| 2.6.1 | Principles of Ultrasound Imaging . . . . .                     | 162 |
| 2.6.2 | Renal Ultrasonography . . . . .                                | 167 |
| 2.6.3 | Ultrasonography of the Ureters . . . . .                       | 170 |
| 2.6.4 | Ultrasonography of the Bladder . . . . .                       | 171 |
| 2.6.5 | Ultrasonography of the Penis . . . . .                         | 174 |
| 2.6.6 | Ultrasonography of the Scrotum . . . . .                       | 177 |
| 2.6.7 | Transrectal Ultrasonography of the Prostate . . . . .          | 178 |
| 2.6.8 | Examination Technique . . . . .                                | 178 |
| 2.6.9 | Ultrasonography of the Retroperitoneal Great Vessels . . . . . | 181 |
| 2.7   | X-Ray Imaging . . . . .  | 181 |
| 2.7.1 | Basic Principles of X-Rays . . . . .                           | 181 |
| 2.7.2 | Basics of Radiation Protection . . . . .                       | 184 |
| 2.7.3 | Abdominal X-Ray . . . . .                                      | 187 |
| 2.7.4 | AUG . . . . .  | 188 |
| 2.7.5 | Retrograde Pyelography . . . . .                               | 192 |
| 2.7.6 | VCUG . . . . .   | 195 |
| 2.7.7 | Urethrography . . . . .  | 200 |
| 2.7.8 | CT . . . . .   | 202 |
| 2.8   | Further Imaging Procedures . . . . .                           | 208 |
| 2.8.1 | Magnetic Resonance Imaging . . . . .                           | 208 |
| 2.8.2 | Renal Scintigraphy . . . . .                                   | 210 |
| 2.8.3 | Scintigraphy of other organs . . . . .                         | 214 |
| 2.8.4 | PET . . . . .  | 215 |
| 2.9   | Urodynamic Studies . . . . .                                   | 216 |
| 2.9.1 | Uroflowmetry . . . . .   | 216 |
| 2.9.2 | Cystometry . . . . .   | 218 |

|          |  |            |
|----------|--|------------|
| 2.9.3    | EMG . . . . .                                    | 230        |
| 2.9.4    | Urethral Pressure Profile . . . . .              | 231        |
| 2.9.5    | Eyeball Urodynamics . . . . .                    | 232        |
| 2.10     | Endoscopy . . . . .                              | 233        |
| 2.10.1   | Cystoscopy . . . . .                             | 233        |
| 2.10.2   | Ureterorenoscopy . . . . .                       | 233        |
| <b>3</b> | <b>Diseases of the Kidneys</b>                   | <b>239</b> |
| 3.1      | Congenital Diseases . . . . .                    | 239        |
| 3.1.1    | Bilateral Renal Agenesis . . . . .               | 240        |
| 3.1.2    | Unilateral Renal Agenesis . . . . .              | 241        |
| 3.1.3    | Supernumerary Kidney . . . . .                   | 242        |
| 3.1.4    | Simple Renal Ectopia . . . . .                   | 242        |
| 3.1.5    | Crossed Renal Ectopia . . . . .                  | 244        |
| 3.1.6    | Horseshoe Kidney . . . . .                       | 247        |
| 3.1.7    | Malrotation of the Kidney . . . . .              | 250        |
| 3.1.8    | Anomalies of the Renal Vasculature . . . . .     | 250        |
| 3.1.9    | Calyceal Diverticulum . . . . .                  | 251        |
| 3.1.10   | Megacalycosis . . . . .                          | 252        |
| 3.1.11   | Extrarenal Pyelocalyceal System . . . . .        | 254        |
| 3.1.12   | Column of Bertin Hypertrophy . . . . .           | 254        |
| 3.1.13   | Congenital Renal Hypoplasia . . . . .            | 254        |
| 3.1.14   | Oligomeganephronia . . . . .                     | 255        |
| 3.1.15   | Ask-Upmark Kidney . . . . .                      | 256        |
| 3.1.16   | Renal Dysplasia . . . . .                        | 256        |
| 3.1.17   | ARPKD . . . . .                                  | 257        |
| 3.1.18   | ADPKD . . . . .                                  | 260        |
| 3.1.19   | Nephronophthisis . . . . .                       | 266        |
| 3.1.20   | Congenital Nephrotic Syndrome . . . . .          | 267        |
| 3.1.21   | Multicystic Dysplastic Kidney . . . . .          | 268        |
| 3.1.22   | Benign Multilocular Cyst of the Kidney . . . . . | 270        |
| 3.1.23   | Simple Renal Cysts . . . . .                     | 270        |
| 3.1.24   | Parapelvic Cysts . . . . .                       | 275        |
| 3.1.25   | Medullary Sponge Kidney . . . . .                | 276        |
| 3.1.26   | Acquired Cystic Kidney Disease . . . . .         | 278        |

|        |  |     |
|--------|--|-----|
| 3.1.27 | Sporadic Glomerulocystic Kidney Disease . . . . .          | 279 |
| 3.2    | Renal Trauma . . . . .                                     | 280 |
| 3.3    | Diseases of the Renal Vessels . . . . .                    | 283 |
| 3.3.1  | Renal Artery Stenosis . . . . .                            | 283 |
| 3.3.2  | Renal Artery Aneurysm . . . . .                            | 288 |
| 3.3.3  | Renal Infarction . . . . .                                 | 290 |
| 3.3.4  | Renal Arteriovenous Fistula and AV Malformations . . . . . | 292 |
| 3.3.5  | Renal Vein Thrombosis . . . . .                            | 293 |
| 3.3.6  | Nutcracker Syndrome . . . . .                              | 294 |
| 3.4    | Renal Infections . . . . .                                 | 295 |
| 3.4.1  | Acute Pyelonephritis . . . . .                             | 295 |
| 3.4.2  | Chronic Pyelonephritis . . . . .                           | 302 |
| 3.4.3  | Renal Abscess . . . . .                                    | 304 |
| 3.4.4  | Perinephric Abscess . . . . .                              | 306 |
| 3.4.5  | Xanthogranulomatous Pyelonephritis . . . . .               | 310 |
| 3.4.6  | Urogenital Tuberculosis . . . . .                          | 312 |
| 3.4.7  | Malacoplakia . . . . .                                     | 321 |
| 3.4.8  | Renal Echinococcosis . . . . .                             | 323 |
| 3.5    | Renal Insufficiency . . . . .                              | 323 |
| 3.5.1  | Acute Kidney Injury . . . . .                              | 323 |
| 3.5.2  | Chronic Kidney Disease . . . . .                           | 329 |
| 3.5.3  | Dialysis . . . . .   | 337 |
| 3.5.4  | Kidney Transplantation . . . . .                           | 340 |
| 3.6    | Nephrolithiasis . . . . .                                  | 347 |
| 3.6.1  | Definition . . . . .                                       | 347 |
| 3.6.2  | Epidemiology . . . . .                                     | 347 |
